

New from Ephraim Pottery

Our Saturday Evening Girls-inspired and Crystal Flambé pottery do not need the use of floral liners. With the use of live floral arrangements, we suggest using a drip pan as only a precautionary measure. Although there is no lead in any Ephraim Pottery glaze, we do not consider our art pottery to be food safe.

SATURDAY EVENING GIRLS

Saturday Evening Girls began in 1904 as a social project to teach hands-on art to immigrant girls in Boston on Saturday evenings. These ideals are the inspiration behind our collection of hand decorated pottery.

Desert Flower Vase
12 1/2" x 5 1/4"
#842 color as pictured

Water Lily Vase
5 1/2" x 6"
#840 color as pictured

Oak Savannah Vase
7 1/2" x 7"

#824 all faience colors (CN pictured), and flambé colors

We also offer a full line of lamps to complete your Arts and Crafts home.

Ephraim Faience Art Pottery

Hand Thrown,
Hand Decorated Art Pottery

Our Faience Pottery

Insight into the spirit and methods by which turn of the century arts and crafts pottery was made is the inspiration behind Ephraim Faience Pottery. Lost to the machines of the industrial revolution was the intimacy and aesthetics of wheel thrown hand decorated pottery. In protest, intuitive craftsmen of that day began to integrate the serenity of nature back into their designs. This led to a beauty and harmony between pottery form and richness of glaze never before or again seen.

It was not long after these designs originated that other companies decided they could make the pottery faster and more profitably by using the slip cast mold method. Some of the original Arts and Crafts potteries went out of business, and others followed the new production trends, creating mass produced pottery, thus losing their individuality. The uniqueness and depth of the original hand thrown, hand decorated pottery was once again being lost to the industrialization of our country.

Ephraim Faience Pottery celebrates the revival of honest individually made art reminiscent of this era. From the hands of the potter to the craftsmanship and beauty of our glazes, we simply want to deliver the finest art pottery you own today.

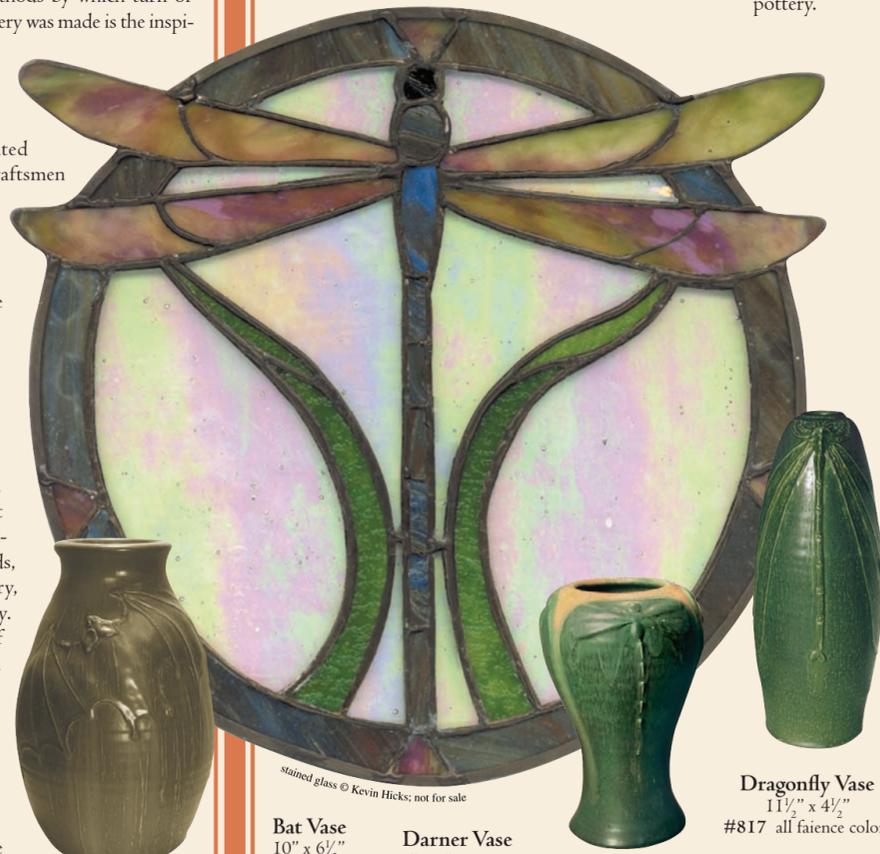

Because of the hand thrown, hand decorated nature of our art pottery and to ensure that the value and collectibility remains high, we are limiting our pottery to a maximum quantity of 500 pieces per item. The item then will be retired and another beautiful piece will appear in a supplement mailer.

Faience Pottery Care

We do not recommend adding liquids to the interior of any faience pottery, new or old. In order to protect the life of your faience pottery and your furniture from water damage, we suggest that a protective floral liner and drip pan be used if you wish to display live flowers.

Since each piece is hand thrown, decorated and glazed slight variations among pots will occur, contributing to the individuality and character of every Ephraim Faience art pot.

Much of our enjoyment comes from sculpting life into pottery. By keeping the colors bright and organic, our faience glaze breathes life into our pottery.
